THE PRODUCTS

The HFA of Hillsborough County sponsors a multi-county single family mortgage program for first-time buyers. By inter-local agreement between the HFA's of Hillsborough County, Clay County, Brevard County and (city of) Jacksonville*, are participating jurisdictions. By grouping several programs together, minimum pool amounts are met much faster. Once pools are settled, the dollar amount of loans in the pool are added back to the revolving fund of available allocation. The process reduces the turnaround time making funds available continuously.

* The Jacksonville HFA eligible area is all of Duval County, FL.

First Mortgage Loan

Rates and assistance are subject to change at any time without notice. [Click here to view the Rates/ Offerings chart for allowable FICO, Lock Mortgage Rate and DPA](#) The following mortgage products are offered in this program: FHA, VA, USDA:RD (government loans) and Freddie Mac HFA Advantage (conventional loan). The program offers first mortgage financing for qualifying households purchasing residences in Hillsborough County or the participating jurisdictions. Qualified borrowers will receive a 30-year, fixed rate, fully amortizing first mortgage loan with 360 level monthly payments. (Rev. 01/24/22)

HFA Second Mortgage Loan - Down Payment and Closing Cost Assistance

The second mortgage may ONLY be used with the HFA's 30-year fixed rate first mortgage noted above. If a borrower qualifies for the HFA of Hillsborough First Mortgage, they will automatically qualify for this second mortgage. All second mortgage loans are 30 year, 0% deferred (or due upon sale, refinancing, transfer of title, or rental of the home if done within first 30 years). This loan is never forgiven. Lenders must use the program second mortgage and note showing the HFA as the mortgagee. With the HFA as the mortgagee, the funds may be used to fulfill FHA's borrower minimum contribution. The HFA will fund the second mortgage at closing via their escrow agent. Please see the area of the guide titled DPA Funds Request for detailed information.

Effective with new loan reservations **January 1, 2020**, Lenders are required to provide the LE and CD as the second mortgage disclosure (GFE, HUD-1 and ALTA are not acceptable).

Mortgage Credit Certificate

The Jacksonville HFA and HFA of Hillsborough County authorized the issuance of Mortgage Credit Certificates (MCCs) -- a federal income tax credit. An MCC entitles the recipient to take an annual federal income tax credit. A tax credit represents a reduction of actual federal income taxes due. The holder of the MCC may use the credit each year the loan is outstanding as long as the property continues to be their principal residence. It is necessary to reserve the first mortgage and then separately reserve an MCC in the separate MCC program. All qualified borrowers purchasing a home in Hillsborough County and Jacksonville (Duval County) are required to receive the program MCC as it is required when using the program first mortgage. MCC's are NOT offered in Brevard and Clay counties. (Rev 02/08/23)

MORTGAGE CREDIT CERTIFICATES

BORROWERS PURCHASING IN DUVAL COUNTY AND HILLSBOROUGH COUNTY ARE REQUIRED TO RECEIVE A MORTGAGE CREDIT CERTIFICATE ISSUED FROM THE HFA OF HILLSBOROUGH COUNTY MCC PROGRAM OR THE JACKSONVILLE HFA MCC PROGRAM ONLY.

TAX DISCLAIMER

This material is not intended or written to be used, and it cannot be used, by any taxpayer for the purpose of avoiding tax penalties that may be imposed on the taxpayer. This material may be used to support the promotion or marketing of the matter discussed herein. The taxpayer should seek advice from an independent tax advisor regarding the matter set forth herein based on the taxpayer's particular circumstances.

What is a Mortgage Credit Certificate?

A mortgage credit certificate ("MCC") was designed to assist persons of low and moderate income to better afford their own home. The procedures for issuing MCCs were established as an alternative to the issuance of single family mortgage revenue bonds. As distinguished from a bond program, in a MCC program the mortgagor may take a tax credit in an amount equal to the annual amount of interest paid on the mortgage loan multiplied by the Mortgage Credit Certificate Rate. Currently, to maximize the benefit to the MCC applicants, the Mortgage Credit Certificate Rate for the Program is 20%, there is no annual maximum tax credit cap. Effective for all loans in the pipeline, and new MCC reservations as of Aug. 10, 2023. (Rev 08/11/23)

As an example, an Applicant with a \$349,000, 30 year, fixed rate mortgage (monthly payment has equal monthly installments of principal and interest) and a 7.125% interest rate could realize the following federal income tax savings (numbers are rounded):

Example of Buyer Benefit (20% Tax Credit)

- 7.125%, 30-year fixed rate mortgage
- \$349,000 mortgage loan amount
- 20% Tax Credit Rate with no annual maximum tax credit cap
- \$22,685 mortgage interest paid in first year
- Multiply MCC Credit Rate of 20% (.20) x Mortgage Interest Paid (\$22,685) = \$4,537
 - \$4,537 is the maximum potential tax credit
- Borrower has \$5,500 in tax liability (because the tax liability is more than \$4,537 in potential tax credit, the borrower can use the entire amount of the tax credit.
 - Of the \$22,685 mortgage interest paid apply as follows on the tax return:
 - \$4,537 may be applied as a Tax Credit (this is a dollar for dollar reduction)
 - \$18,148 will remain as a Tax Deduction

During the first year of the Program, the Applicant in the example would be eligible for a tax credit of up to \$4,537 if not limited by tax liability. The Applicant would be able to file a revised W-4 withholding form taking into consideration the anticipated tax credit and have approximately \$378 per month in additional disposable income in the first year.

In the example, 100% of the mortgage interest paid is \$22,685 so 20% of the mortgage interest paid is \$4,537. Because the credit rate is 20%, the amount that may be claimed as a credit there is no annual maximum tax credit cap. According to IRS instructions on Form 8396, the amount of allowable mortgage interest deduction on Schedule A is determined by reducing the amount on Line 3

of Form 8396 (\$4,537). So the total mortgage interest paid in the first 12 months was \$22,685, subtract \$4,537 and the remaining \$18,148 may continue to be used as a deduction.

The tax credit amount may be used as a tax credit after all other deductions and credits have been applied and to the extent there is tax liability. If not all of the tax credit can be used because there is not enough tax liability, it may be carried forward for up to three years. However, it cannot be added to the allowable mortgage interest deduction.

Borrowers who receive an MCC and who continue to own and occupy the financed home will be eligible for a tax credit each year for the term of the loan.

The amount of the credit actually claimed on the MCC holder's federal income tax return cannot exceed the amount of federal income taxes due after other credits and deductions have been taken into account.

A purchaser of a new or existing single family home may apply for a MCC through any participating mortgage lender at the time he or she applies for a mortgage from the lender. A MCC cannot be issued to a homebuyer who is refinancing an existing mortgage or in connection with a mortgage from a relative. Also, an MCC cannot be used in connection with a bond program.

It's important to note that all or a portion of the MCC related tax credit may be subject to recapture if the Residence is sold within the first full nine years of purchase. This tax credit recapture is further explained in the Notice of Potential Recapture Tax and in the Recapture Tax brochure provided to an applicant.

It is important that borrowers understand the MCC and consider getting more information from their tax professional or the IRS.

What is the lender involvement?

Simply follow the guidelines for the first mortgage.

The Lender is responsible for filing a form with the IRS in each year in which they originate loans for which MCCs are issued, and for keeping certain records regarding the MCCs. For participating lenders, the annual form will be forwarded via email by the Program Administrator for execution and filing by the Lender.

MCC Homebuyer Benefit

The MCC can reduce the amount of federal income taxes; however, the tax benefit cannot exceed the amount of federal taxes owed for the year after other credits and deductions have been taken. But unused credit may be carried forward for up to three years.

Borrowers will have to adjust federal income tax withholding in order to receive the MCC benefit on a monthly basis. This adjustment is accomplished by the borrower speaking to their payroll department at their place of work. By reducing monthly withholding, they will have more disposable (after tax) income with which to make mortgage payments. The benefit of the MCC program continues for the term of the mortgage as long as the holder of the MCC continues to own and occupy the home under the mortgage for which the MCC was issued.

What does the Homeowner have to do to claim the benefit with the IRS?

Each year the homeowner files Form 8396 with their federal income tax return. The form is available on the IRS website.

MCC Special Rules

Process the first mortgage following these guidelines. After closing, simply follow the compliance file checklists. There are separate checklists for the first mortgage and for the MCC.

The MCC and Final Recapture Notice will be issued by the Program Administrator via mail sent to the borrower at the property address once the compliance file is approved.

Each January, the Program Administrator will provide the Lender with the required IRS reporting form for each year in which the Lender originates loans with MCC's.

By law the current election to use allocation for MCCs is available for loans closing through December 31, 2023. The Issuers may choose to allocate additional funds to another MCC program.

Lenders use program requirements to qualify applicants for the program. Buyers must present an executed sales agreement before being entered into the program reservation system.

RESERVE FIRST MORTGAGE FUNDS

Once you are ready to upload your documents select eHPDigital Docs and from the drop down menu click on New Upload and follow the prompts.

PROGRAM TIMELINE

Buyers MUST HAVE A FULLY- EXECUTED SALES CONTRACT FOR A SPECIFIC PROPERTY in order to have funds reserved or be on a waiting list. **The contract may be dated prior to the date of the loan application. Buyers may be pre-qualified. However, if the buyer does not have a contract on a property, BOND FUNDS MAY NOT BE HELD for the buyer until such time as the buyer presents a valid contract.**

To assure that loans are purchased, please follow the Processing, Delivery and Purchase Timetable. Please DO NOT reserve loans that cannot meet the timetable. This is particularly important with respect to new construction and short sales. Please wait to reserve funds. Loans not purchased within the timeframe below, cannot be purchased.

Loan Processing, Delivery and Purchase Timetable

Once a loan is reserved in the eHousingPlus system and is provided the Servicer's Loan number, the loan must be;

- (1) underwriter certified within **15 days** of loan reservation (Rev 2/19/16)
- (2) closed, delivered, exceptions cleared and loan purchased by the Servicer within 65 days of loan reservation

Loan Purchase Extension

Any loan not purchased within 65 days will **automatically** receive a 20-day extension at the cost of \$375. Additional 20-day extensions will be applied as needed at a cost of \$375 for each extension. Extension fee(s) will be netted by the Servicer when loans are purchased.

If the loan is not purchased, the originating lender will have 15 days from the date of notice from eHousingPlus to pay the Issuer \$375. A lender will be unable to make additional reservations in the Program until all extension fees have been paid to the Issuer.

If a loan is cancelled reinstatement is not guaranteed and, if allowed, is subject to additional penalties in addition to the extension fee. Furthermore, any loan not purchased within the approved timeframe may become the liability of the originating lender, including any down payment assistance provided at closing. (Rev 05/16/22)

Lender MCC Application Fee (All Counties EXCEPT Brevard and Clay)

The program includes a Lender MCC Application Fee of \$100. The Lender MCC Application Fee is collected at closing and made payable to the Lender.

The Compliance/Admin Fee is the fee charged by the Program Administrator/Compliance Agent to process the applicant/borrower from Origination to Compliance Approval, and to assess that the lenders originating such loans are following Program guidelines for the benefit of the eligible borrower(s). The Program Administrator/Compliance Agent tracks the loan via its web-based system, and assists the lender in processing the loan ensuring eligibility to the program available offerings, which can include various rate options, and down payment assistance. (Added 10/15/15)

The Compliance/Admin fee includes the review of information and documents delivered in the form of a Compliance File by the originating lender, on behalf of the borrower. Additionally the Compliance review verifies that the lender has charged only the fees allowed by the Program. Contrary to this, approval may be denied and/or fees may have to be reimbursed to the borrower. The compliance file processing consists of required affidavits, application, closing documents, certain non-mortgage documents, tax returns where applicable and other pre-defined Program documents that are disclosed to the potential borrower(s). This is required to ultimately receive Compliance Approval. These documents can support both the first mortgage and any down payment assistance available, and are required to ensure eligibility to the Program, Federal, State and Local requirements, where applicable. The Compliance review verifies that the data and documents submitted meet all requirements, and may include those for first-time homebuyer, income limits, sales price limits, targeted areas, homebuyer education, rate, term, points, fee limits, LTV, FICO score, special state, city, county program requirements for qualified military, first responders, teachers, etc.). Other financing costs such as legal fees and underwriting fees may be charged and courier fees may be charged if such fees are normally charged. Lenders may charge the usual and reasonable settlement costs. Settlement costs include titling and transfer costs, title insurance, survey fees or other similar costs. Other allowable fees include doc prep fees, notary fees, hazard, mortgage and life insurance premiums, recording or registration charges, prepaid escrow deposits and other similar charges allowable by the insurer/guarantor. "Junk" fees are not a defined term and may not be charged. Excessive fees are not permitted in the program.

CALCULATING INCOME

Program qualifying income considers the income of borrowers and their spouses (regardless of spouse's occupancy of the primary residence and whether or not a party to the loan) AND all household members 18 years of age or older (related or unrelated). When calculating Program Eligibility Income, there are two types of income to consider – income from an employer and income from all other sources. **Include all income unless specifically listed as excluded in this guide.**

Calculating Income from an Employer

Determine whether the Borrower receives **base pay only** or a combination of **base pay and additional income** from an employer.

Calculate “Base Pay from an Employer”

Regular Hours/Pay

1. Determine frequency of income - weekly, bi-weekly, semi-monthly, etc.
2. Identify documentation needed to support payment frequency and calculation.
3. Apply Calculation - *(Base Wage x Hours Worked in a Pay Period) x (# of Pay Periods Per Year)*
4. This should approximate the annualized YTD on VOE or paystubs. If not, check for additional pay, such as overtime, bonus, shift differential, etc. (Employers don't always break this out on the VOE).
5. See additional guidance on calculating base pay from an employer.

Hourly pay	Bi-weekly pay	Semi-Monthly pay
Multiply the pay per hour by the number of hours worked per week. Multiply total by 52 weeks a year.	Multiply the bi-weekly pay by 26.	Multiply the semi-monthly pay by 24.
<i>Example:</i> 1. \$15 per hour x 40 hours a week = \$600 2. \$600 x 52 weeks a year = \$31,200 3. \$31,200 / 12 = \$2,600 gross monthly base pay	<i>Example:</i> 1. \$1,200 every two weeks x 26 pay periods a year = \$31,200 2. \$31,200 / 12 months = \$2,600 gross monthly base pay	<i>Example</i> 1. \$1,300 semi-monthly pay x 24 pay periods a year = \$31,200 2. \$31,200 / 12 months = \$2,600 gross monthly base pay

Irregular Hours/Pay

1. Annualize YTD Earnings total.
2. Average prior year's earnings total, if available, (or provide documentation and explanation to support not using the prior year's earnings.) Divide the resulting number by the number of months and days worked, and then multiply that number by 12 months to get total average pay from an employer.
3. See additional guidance on calculating base pay from an employer.

Calculate “Additional Pay from an Employer”:

1. In the Earnings section of paystub or VOE, look for additional income earned that is not included in **base**. (Sick, vacation, holiday, etc. is generally included in **base**.)
2. Add up all additional income that is included in the YTD Earnings Total and not part of **base**.
3. Average prior year's earnings total, if available, (or provide documentation and explanation to support not using the prior year's earnings.). Divide the resulting number by the number of months and days worked, and then multiply that number by 12 months to get an average of **additional pay from an employer**.
4. See additional guidance on calculating additional pay from an employer.
